Therefore, it is the intent of the parties that work currently performed by members of the bargaining unit pursuant to “Certificated Employee Contracts” will continue as a rule to be performed by bargaining unit members, assuming qualified personnel are available. This intent means that, subject to the District’s authority under Section 7.8, bargaining unit members will not be laid off due to changes in the method of providing educational services in the District. This intent also means that new professional staff positions due to enrollment growth will be filled by qualified certificated personnel. At the same time, the Association recognizes that program needs and financial opportunities warrant the continued practice of using non-bargaining unit individuals for projects and programs on a limited basis.

Section 4.7 – Assignment

A. Definition of Assignment

Assignment is defined as the grade level and/or subject area to be taught in a specific school building or buildings by an employee in an academic year.

Principals will consider employee input, experience, interest, and skills when making decisions regarding teaching assignments. Secondary employees will normally be assigned in their endorsed area(s).

C. Change in Assignment

If a change in assignment is made, the principal will provide written notification, including the reason for such a decision, to the affected employee and the assigned Executive Director of Learning Improvement and the appropriate Human Resources administrator. ARTICLE IV – EMPLOYEE RIGHTS

in assignment, they may appeal the principal's decision to the appropriate Human Resources administrator. The appeal will not delay the change of assignment. Such appeal will be made within five (5) days of receipt of the notice. The District will respond within two (2) days. Prior to the end of the school year, principals will determine teaching assignments and make the information available to employees. If, after this date, it is determined that a change in an assignment must be made due to changes in staffing, enrollment, adjustment of master schedule (secondary schools) or other changing building needs, the employee will be notified as soon as possible of the employee's new assignment, but no later than the tenth school day of the school year or the Friday after Labor Day, whichever is later,. Such notification shall be made in writing and will include the position, building, grade level, subject, program, or course and other pertinent information including a statement of employee rights/options, concerning the assignment. When more than one teacher has the appropriate qualifications/endorsements to be reassigned, the District will always seek volunteers and prefer to select volunteers first from among the qualified candidates for reassignments. The District will not select provisional teachers, teachers on probation, teachers in the process of pursuing National Board certification (any employee who has registered prior to March 1 of the current year for National Board certification), or District program specialists if other options are available. Teachers who are involuntarily reassigned to another school building and who wish to resign in lieu of accepting the reassignment shall be released after 15 school days or when a suitable replacement is found, whichever happens first. After the ~~first contracted work day~~ the tenth school day of the school year or the Friday after Labor Day, whichever is later, the District and Association shall meet to discuss any changes of assignment and reach agreement before the change is made. Evaluation results for certificated classroom teachers must be used as one of multiple factors in staff assignment per RCW 28A.405.100. Student test scores will not be used as a factor for staff assignments outside of the evaluation process. During the 2022-23 school year, reassignments per this paragraph may only occur within a school and not between school buildings.

D. K-6 Split Classes

The District will not assign a K-6 general education teacher with less than three (3) years of teaching experience to a split class, unless no other options are available. Section 4.8 – Vacancies and Voluntary Transfers

A. Definitions

2. A “transfer” shall be defined as a change from one building to another without change in salary.

- B. Vacancies for positions covered by this bargaining unit will be posted on the District's website under “KSD Careers,” copies of which will be forwarded electronically to the Association office as they become known, except: (a) for a leave replacement contract position and (b) for positions where a person previously on leave replacement contract is being recommended to fill the vacancy.

ARTICLE IV – EMPLOYEE RIGHTS

- C. All FTE .2 or less may be given to current employees within the building, if they are eligible for an increase and all eligible employees have the opportunity to request the increase. If more than one eligible employee expresses interest, the principal must meet with all interested, eligible employees before allocating FTE to an employee. If no eligible employee exists within the school, the principal must post the additional FTE.
- D. All employees must use the Applicant Tracking System on KSD Careers to apply for positions. An abbreviated application process is available for KSD employees including building a profile on KSD Careers.
- E. Employees will be offered an interview if they meet the certification and the specific requirements of the position as listed in the vacancy announcement. Employees meeting the minimum requirements will be notified of their interview time.
- F. The District recognizes that its obligation is to meet the needs and interests of students. However, the District also recognizes it is desirable to consider the interests and aspiration of its employees in filling vacancies and making transfers. Therefore, the District in making a determination in relationship to a vacancy shall utilize the following criteria:
 - 1. Qualifications of the employee
 - 2. Requirements of the position
 - 3. Program needs of the District and the individual school
 - 4. Suitability of the employee in terms of the needs of the position, including success in previous assignments
 - 5. Employees previously appointed to positions through involuntary transfer
 - 6. Ability, relevant experience, and performance being equal, the employee with the most seniority shall have their preference

Section 4.9 – Involuntary Transfer

- A. An involuntary transfer shall be defined as a change from one building to another without change in salary when the employee has not requested such transfer.
- B. It is recognized that an involuntary transfer is not a generally satisfactory method for filling a vacancy and, as such, will not be resorted to unless all other reasonable avenues have been pursued. However, the parties recognize that because of overstaffing a building or the loss or relocation of a program, it may be necessary to involuntarily transfer employees.
- C. Human Resources will generate a list of employees subject to involuntary transfer by least seniority and share it with principals to inform impacted employees. A list of transfer positions will be available to all Association employees before the involuntary process is initiated. Volunteers will be sought prior to initiating an involuntary transfer. If more than one employee volunteers, the employee with the most seniority will be offered the transfer. If there are no qualified volunteers, the employee with the least seniority in an elementary building, secondary department, or special program shall be involuntarily transferred unless there is an overriding program need.
- D. If an employee on leave is entitled to return to the position previously held at the end of their leave, the employee's leave replacement will remain in said position provided that the employee on leave has sufficient seniority to remain.
- E. The district shall notify the employee in writing when an involuntary transfer is made.
- F. In the event that there is more than one employee being involuntarily transferred at the same time, volunteers for the involuntary transfer will have first choice of available assignments (in order of seniority) and then other involuntarily-transferred employees will be given their choice, based on seniority, from among the positions being filled for which they are qualified.
- G. For the purpose of involuntary transfer, and for that purpose only, the seniority of an employee who, in the immediately preceding twelve (12) months, had a leave replacement contract which was changed to provisional or continuing status, shall be:
 - 1. Considered to be less than the seniority of any employee in that elementary building, secondary department, or special program and
 - 2. The normal definition of seniority in the case of two employees in this circumstance in the same elementary building, secondary department, or special program.
- H. If an involuntary transfer occurs during the school year, including a volunteer for the involuntary transfer, the employee will be relieved of regular duties two (2) school days to complete the involuntary transfer. The District will provide boxes and needed moving supplies and will move all materials.

ARTICLE IV – EMPLOYEE RIGHTS

- I. Persons involuntarily transferred, including a volunteer for the involuntary transfer, shall have the first priority in filling vacancies from which they were involuntarily transferred within a two (2) year period from the time the employee was transferred.
- J. In an effort to support the professional growth and retention of new employees and employees with a documented need to improve performance, the following categories will be exempt from IVT unless there is an agreement between the parties per Section 4.11 (Staff Reallocation):

- C. Job sharing assignments shall be filled only by employees who have jointly agreed to work together.
- D. Employees holding job sharing assignments shall be granted the appropriate annual fractional leave which may be renewed upon mutual agreement of the employees, immediate supervisor, and Human Resources.

- F. Mutual agreement to continue a job sharing situation for the following year shall be made no later than April 1. If any one of the three individuals (the two job-sharing employees and the building principal) does not agree to continue the job share, it shall be communicated in writing to the other individuals no later than April 1.

The reasons for such staff reallocation may be staff revitalization, staff compatibility, resolution of a personnel problem, or maintenance or improvement of the educational program. Staff reallocation shall be limited so as not to be overly disruptive to an individual building. Accordingly, transfers for the following year, may be made, notwithstanding any other provision(s) of this Agreement.
- B. The individual transfer may be requested by the employee and/or the building/program administrator and shall be decided by the superintendent or their designee and the Association President.
- C. Employee(s) so transferred shall be notified in writing as soon as possible. The written notification shall include the reason(s) for the staff reallocation.

- C. The employee with the greatest seniority within that elementary building, secondary curricular area, or special program shall have first choice of available positions in their current content area for which they are qualified.
- D. The District and Association shall agree to the list of open positions before releasing the list to the employees and before posting these positions. Should additional positions become available before the actual selection, the Association shall be notified and the positions will be added to the list.
- E. Employees will be notified of all open positions as early as possible prior to the end of the school year. The employees shall be allowed three days to consider the available positions. The District shall contact each employee in order of seniority. The employee will select from the available positions.
- F. Employees in specialized positions, where there may be limited opportunities for selection, shall be placed in positions on a case-by-case basis based on their qualifications. These positions may include, but are not limited to, art, technology, library, and counseling. Employees teaching music shall be placed using current District practice.

In January any eligible employee may exercise an option to receive remuneration for unused leave for illness or injury accumulated in the previous year at a rate equal to one day's monetary compensation of the employee for each four full days of accrued leave for illness or injury in excess of sixty (60) days. Leave for illness or injury for which compensation has been received shall be deducted from accrued leave for illness or injury at the rate of four days for every one day's monetary compensation; PROVIDED that no employee may receive compensation under this section for any portion of leave for illness or injury accumulated at a rate in excess of one day per month;

At the time of separation from school district employment due to retirement or death, an eligible employee or the employee's estate shall receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four days accrued leave for illness or injury. Once the request has been submitted, it is irrevocable.

- E. Employee discretionary leave may not be used for any day on which the District operates under an emergency schedule due to inclement weather, unless such leave is prearranged at least five days in advance, when possible, as outlined above in C.1 of this section. Remuneration shall be equal to the then daily guest employee rate times the number of discretionary leave days balance. The discretionary leave balance shall be reduced to zero (0). Payment shall be made no later than July.

Employees who submit notice of resignation or retirement by April 1 will automatically receive per diem remuneration for any unused discretionary leave. G. Class Coverage

1. A secondary principal (or their designee) may assign secondary employees who offer to cover classes for employees who are required to be absent from class as authorized by the building administrator. In the event no employees volunteer to cover classes, and after all reasonable good faith efforts to obtain a guest employee have failed, then the principal or designee may require an employee to cover a class, provided, no employee may be required to cover a class again unless every other employee with the same preparation time has also been required to cover a class as often as the employee who is being required to cover a class again. A rotation schedule should be created and posted at each building. Administrators will seek input from employees serving in non-classroom roles and designate a planning time for the purpose of class coverage rotation.
2. Secondary employees assigned to cover classes will receive notice of the assignment 24 hours in advance, except in cases of emergency, and payment shall be made at each employee's per diem, at an hourly rate of one day of the employee's base contract divided by 7.5 hours, for each period covered. This documentation will reflect the time worked beyond the contracted day to complete regularly assigned duties equal to the amount of time spent covering a classroom. Occasionally, employees on special assignment may also be assigned to provide elementary classroom coverage and will be compensated as stated above.
 4. In the event that students are reassigned to other certificated elementary classrooms, the receiving staff members will be reimbursed according to the percentage of the students added to their classroom. (Example: A second grade classroom does not have a substitute and that classroom is divided between the remaining two second grade classrooms. Each receiving employee would get half of \$222 if the students remained with them for the full day). Specialists providing services for these larger classes will receive class coverage pay when they are in overload.
- H. The District and Association believe that the most powerful way to affect improvement in student learning is for the school staff, parents, and community members to be involved in developing a building plan to improve student learning at their school. - I. Universal Time, Responsibility, and Incentive Compensation (TRI)
1. Principal Effective Education: There are three (3) days of Principal Effective Education (PEE). Nineteen and one-half (19.5) hours are optional and shall be directed by the building/program administrator. Three (3) hours are required for open house/curriculum night activities.

By November 1, an initial list of qualified activities for at least sixteen (16) hours will be provided. On or before March 1, a second list of qualified activities for the remaining three and one-half (3.5) hours will be provided. The list will be developed by the building leadership teams. Activities will necessitate attendance in order to claim those specific hours of effective education. Additional options may be added to the list(s) throughout the school year. Building teams will avoid creating dates and topics that are in conflict with one another and that prohibit an employee from accessing available PEE hours. After the dates and topics for PEE have been communicated, itinerants and/or specialists may meet with their principal to discuss any concerns and potential alternatives.

ARTICLE VI – SALARIES, STIPENDS AND BENEFITS

For certificated staff who act as advisors for a group whose student grade-level-mix is more than 50% 12th grade and extended graduation students, seven (7) hours of the remaining nineteen and one-half (19.5) hours will be specifically designated to compensate for advisory work. For all other high school certificated staff who act as advisors for any other grade, at least four (4) hours of the remaining nineteen and one-half (19.5) will be specifically designated to compensate for advisory work. For the remaining hours, a list of qualified activities, reflective of activities from previous years, will be provided.

Principal Effective Education Days will be paid by extra pay timesheet and pro-rated by FTE and hours worked based on the PEE schedule included in Exhibit G-2, which reflects the total amount available. Employees will indicate the activities they participated in from the list of qualified activities on the extra pay timesheet.

2. K. IEP Stipend

1. In recognition of the extra time required for the development of IEPs, a \$2,769-stipend will be paid to bargaining unit members responsible for writing and coordinating IEPs. Said stipend will be pro-rated based on FTE and paid in twelve equal monthly installments. Whenever the total written IEPs exceed the case load limit, employees will be paid three (3) hours at their cert hourly rate for each additional initial and/or annual IEP (not amendments or ESY IEPs) over caseload guidelines.
2. If a special education staff is assigned to write, monitor, evaluate and/or manage the IEP and/or program for a student who is assigned to a non-endorsed special education teacher or long-term substitute and that teacher is at or over their caseload limit, that special

Section 7.1 – Work Day

A. Length of Work Day

Employees shall begin their work day twenty-five (25) minutes before the students' school day begins and shall continue until a minimum of twenty-five (25) minutes after the students' school day ends. The total length of the workday shall be a minimum of seven and one-half (7-1/2) continuous hours for all employees.

B. Instructional and Duty-Free Time

The length of the regular student school day shall be six (6) hours and forty (40) minutes. The instructional time shall be interpreted to mean the student day and shall specifically exclude the required twenty-five (25) minutes before and after school and the thirty (30) minutes minimum duty-free lunch period, provided that the employee works during the regular lunch periods. Employees may leave the campus during their duty-free time but may be required to check out. For employees that work less than a full FTE (1.0), the time before school, after school, and planning time will be prorated. No employee shall be required to work for more than three (3) consecutive hours without either passing time or the opportunity for a scheduled break.

C. Planning Time

Every employee will have an average of at least 250 minutes of individual planning time per regular five-day week during the student school day, except for five (5) weeks each school year when this requirement will be altered to 230 minutes to allow each building flexibility to schedule Secondary assemblies. Individual planning time during the student day is employee-directed without other assigned duties. This may include, but is not limited to, lesson planning, parent communication, material preparation and student evaluation. No regularly-occurring meetings will be scheduled during individual planning time during the student day unless the employee so chooses. Elementary principals shall consult with their teachers regarding the building schedule for planning time. Teachers who have a preparation period during a scheduled assembly will not be required to attend the assembly unless additional supervision is necessary on a temporary basis to ensure the safety and appropriate behavior of students. All secondary employees shall have at least one class section of preparation time each day. At elementary when educators miss a double planning day due to non-student days the educator can timesheet fifty (50) minutes at their cert hourly rate unless their planning is rescheduled during the week.

To ensure every student has meaningful access to specialists (PE, TLTIS/Library, and Music), during development of the master schedule, the Principal and Teacher, will consult to determine if the IEPs of students who are projected to be enrolled in the class for the following year indicates a need for a self-contained section equal in time and frequency be available to

D. Elementary Student Recesses and Lunch

On any regular length student day, students in grades K-6 shall be scheduled no fewer than two (2) daily recess periods during the student day, one of which will be scheduled adjacent to their lunch break. These recesses will be at least fifteen (15) consecutive minutes each, but no less than a combined total of thirty (30) minutes and no more than combined total of forty-five (45) minutes. Students in grades K-6 will receive no fewer than twenty (20) minutes as a lunch period.

On shortened school days (e.g., Early Release Wednesdays under subsection I below), students in grades K-6 shall be scheduled no fewer than one (1) daily recess period during the student day adjacent to their lunch break. This recess will be at least fifteen (15) consecutive minutes and no more than thirty (30). On such days, students in grades K-6 will receive no fewer than twenty (20) minutes as a lunch period.

- E. The principal of a school may assign a reasonable load of extra duties beyond the instructional time as necessary to properly supervise the children of the school. Such extra duties shall be fairly and equitably assigned in a manner easily understood by all concerned with input from the employees in the building. Such extra duties shall not conflict with the classroom schedule of the teacher. When there is a conflict between the extra duty schedule and a particular employee's duties, the principal shall work collaboratively to facilitate a mutually-agreeable resolution.
- F. Any employee who participates in state-mandated meetings on a regular basis is excused from participating in the extra duties referenced in subsection E above. In addition, the following ESAs shall not be required to participate in this additional supervision: OTs, PTs, SLPs, Psychologists, and Nurses.

G. Parent Conferences

The impacted elementary employees of each building/site may elect alternative hours to provide for evening conferences with parents. Such change may occur with a 67 percent vote of approval by the impacted employees (waiver). The agreement to do so must provide:

- a. No employees will be required or expected to work more than 37.5 hours a week, prorated for weeks with fewer than five work days.
- b. Alternative schedules will allow employees who choose to do so to work a longer day(s) and then be compensated with a day(s) shortened by an equal number of hours.
- c. In the event that a schedule runs into the dinner hour an employee may elect to schedule a duty free meal break of up to 30 minutes.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

- d. Elementary Employees who don't work the adjusted schedule will work the regular contract day of 7.5 hours and will suffer no consequences, tangible or otherwise, for not staying late.
2. With all Wednesdays being on a Learning First Wednesday schedule, secondary employees choosing to participate in evening conferences will be released early on each of the elementary conference Wednesdays to compensate for the extra hours they work at evening secondary conferences. The hours released will be equal in number to the hours worked at conferences. Secondary employees who leave early on the first elementary conference Wednesday, then do not attend secondary evening conferences, will work a full day on Wednesday prior to Thanksgiving Break and will work a full day on the Spring elementary conference Wednesday.
3. Early Childhood Special Education (ECSE) will not serve students on Wednesday, Thursday, or Friday of the week(s) of elementary parent conferences. Parent conferences will be scheduled in the fall and spring in order to provide services to both AM and PM session ECE students for two (2) days during each conference week.
4. No administratively-directed meetings will be held during the five (5) school days prior to parent conferences other than meetings necessary to address emergencies and meetings related to evaluations.

H. Staff Meetings, PLC Meetings and Team Meetings

No meetings will be planned during the first or last five (5) school days of the year.
2. Professional Learning Communities (PLC) meetings required by an administrator to complete inquiry work, focus on subject area curriculum, review student achievement data, and to plan instructional interventions will be scheduled during the administratively-directed time designated in subsection J below.
3. Staff may meet additionally on their own initiative and discretion, but will in no way be directed to attend by the administration, nor will the lack of participation in additional meetings be reflected in any disciplinary document.
4. If an emergency (an unexpected and dangerous situation requiring immediate action) or other need for immediate communication arises, a special staff meeting of limited duration and purpose may be called by the building administration.
5. The limitations in this section do not apply to meetings required by state and/or federal law.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

I. Alternate Calendar/Early Release Days

1. Students will be released two (2) hours early on each Wednesday during the student school year, including weeks with an early release for parent conferences at any level and except for the first and last day of school if such day falls on a Wednesday. The length of the student school day on Early Release Wednesdays will be four (4) hours and forty (40) minutes. The primary purpose of this early release time (except for weeks with an early release for parent conferences at any level) is to provide a concentrated weekly resource for professional planning and collaboration that consequently protects instructional time for teachers and students on other days of the week, as well as the individual preparation activities that have a direct positive impact on student learning.
2. The two (2) hours that students are released early on Wednesdays will alternate each week between employee-directed and administratively-directed time, with the first Wednesday of the school year being employee-directed. If a Wednesday before an elementary conference week is administratively-directed, it may be exchanged for an employee-directed Wednesday with principal approval, if requested at least 4 weeks in advance by the building representative or KEA leadership for locations with no building representative. Child Find appointments will not be scheduled during this time by the district to protect early release time.
3. Employee-directed time on early-release Wednesdays will be worked at the employee's normal work site and used for work critical to effective instruction and program implementation as determined by each individual employee, including but not limited to lesson planning, parent communication, consultation with colleagues, material preparation and student evaluation. An employee may choose to meet and collaborate with colleagues during this time when it meets the employee's individually-determined professional needs for effective instruction and program implementation, including job-alike meetings at other district locations. Employees will have the option to participate in professional development offered by the District during employee-directed time provided that the professional development is also offered at an alternative time.
4. Administratively-directed time on early-release Wednesdays will be worked at the employee's normal work site (unless the employee is directed to meet in cross-building groups at an alternate District work site) and used for work critical to effective instruction and program implementation as determined by the employee's administrative supervisor, including but not limited to required Professional Learning Community meetings, collaboration time, professional development, school improvement planning and activities, and staff meetings. Considering the importance of collaboration in the evaluation process, administration will provide regular opportunities during this time.
5. Should the district operate on an emergency, shortened schedule due to inclement weather or other emergency, work planned for early release time will be cancelled, and employees will report to work one half hour before the start of the adjusted student day.
6. Staff will not be required to supervise students during the early release time.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

7. Early Childhood Education Program (ECE) will not serve students on early release days and will use the day for professional collaboration with the team members.
8. The District will provide Teacher-Librarian Technology Integration Specialists (TLTIS) with time to meet in cross-district meetings for training and/or collaboration related to their jobs on at least 50% of the administratively-directed early release days. The District shall seek input from Teacher-Librarian Technology Integration Specialists and KEA before making any changes in the Teacher-Librarian Technology Integration Specialist job description. The District will provide Academic Interventionists, Behavior Interventionists, OT/PT/SLP and Performing Arts and CTE educators without job-alike educators in their building time to meet once per semester in cross-district meetings for training and/or collaboration related to their jobs on an administratively directed early release Wednesday when they provide a plan to their administrator for using the time.
9. Counselors/Social Workers

The District will provide Counselors/Social Workers time to meet in cross-district meetings for training and/or collaboration related to their jobs on at least 50% of the administratively-directed early release days. The District shall seek input from Counselors/Social Workers and KEA before making any changes in their job descriptions.

- J. For any day on which the District operates on an emergency, shortened schedule due to inclement weather, teachers will not be required to report for work until one-half (1/2) hour before the start of the adjusted student day. On any such day, teachers will be required to report to the school office immediately upon arrival and sign an attendance log indicating their time of arrival. Any teacher reporting after the beginning of the adjusted student day, will use Employee Discretionary Leave first (if available), and then Leave for Illness, Injury and Emergencies in quarter-hour increments. For each quarter-hour that a teacher arrives after the start of the adjusted student day, a quarter-hour of leave will be deducted. On days on which the District operates on an emergency closure or shortened scheduled, any employee having previously taken sick leave or discretionary leave will have it reinstated. On these days, staff will not be required to supervise students prior to the half hour before the student day.

K. Itinerant Employees

1. All itinerants will be paid for travel time (.1 FTE) and mileage for travelling between work sites on the same work day. In addition, all itinerants will be given plan time and duty-free lunch time as required by the collective bargaining agreement. To maximize use of available facilities, itinerants should be assigned sections on Learning First Wednesdays and the District will endeavor to avoid schedules which result in triple plans (i.e., three classes in the same instructional space). Circumstances where this occurs will be reviewed in a Labor Management meeting to minimize further occurrences.
2. All itinerants who work at both a secondary and elementary school will be paid on an adjusted contract if the combined hours are longer than 7.5.
3. The District will identify department/program leaders for itinerants to ensure that work issues are equitably addressed throughout the district including, but not limited to,

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

expectations around staff meetings, late start dates, changes in building and/or schedule, conferences, in-service days, PLC's and other collaboration times, concerts, other after school events. Itinerants will be surveyed prior to schedules being created for their preferences before building the schedule for the next year and every effort will be made to accommodate those preferences. As with any employee/supervisor issue, employees and supervisors may seek assistance from HR in resolving any disagreements.

4. Because of the travel time in subsection 1 above, a part-time employee is not eligible to add an additional position at the different school if the combined total FTE would be greater than .9 FTE unless the District specifically agrees to an adjusted contract greater than 1.0 FTE.

Section 7.2 – Workload

The District and Association recognize the value of lower class size in meeting student growth goals. The District will attempt to keep the class size as low as possible. The parties agree, acknowledge, and accept that the uncertain nature of school funding; the under-funding of the basic education and other state programs; and unfunded compensation for certificated personnel may result in the future in a reduction of instructional positions and that the result of such a possible reduction may well result in increased class size averages. The District will make a good faith effort to equalize the class size/workloads for within all employees and work groups.

A. Class Size

1. Class size adjustment dates for all levels:
 - a. At the beginning of the school year, principals will make adjustments to meet class size levels, as stated below, as soon as possible but no later than September 15.
 - b. At the beginning of the second semester, principals will make adjustments to meet class size levels, as stated below, as soon as possible but not later than the first seven (7) days of the semester.
2. The principal or their designated administrator will work to minimize or eliminate overload conditions on an on-going basis. Teachers will notify their principal when they reach overload status. The principal will then initiate the following procedure for any employee whose class size exceeds the stated limits:
 - a. Step 1: Within three (3) school days, upon reaching overload status, the principal or a designated administrator and the affected teacher shall meet to discuss class size concerns.
 - b. Step 2: The building principal or a designated administrator shall address the issue as soon as possible but no later than three (3) school days from the date of the meeting to address the class size concern according to the options listed below. If the affected teacher and principal cannot come to an agreement, the class size concern shall be referred to the superintendent or designee for resolution by the end of the third day.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

The superintendent or designee will notify the principal and teacher of the resolution within three (3) school days.

3. Every effort, including hiring of new employees, will be made to minimize the number of general education split classes. Class size in general education classrooms shall be considered in overload status when the class exceeds the numbers below:

Preschool – 18 students per class

Grades K-3 – 23 students per class (class size in K-3 shall not exceed 26)*

Grades 4-6 – 27 students per class (class size in grades 4-6 shall not exceed 29)*

Grades 7-8 – 30 students per class and 143 per day, with a maximum daily class load/enrollment of 150 based on five class periods per day. Health classes are academic and are not an exception.

Grades 7-12 Level 1 ELL Classes – 15 students per class.

For purposes of calculating the daily class/load enrollment, secondary block schedules requiring instruction of the same students for two (2) or more periods per day, will be counted for each period of instruction.

*No elementary class shall exceed the student enrollment as stated above, with the exception of P.E. and music as provided in Section 7.2.A.4.

4. For P.E. and Music classes the following overload limits will apply:
 - a. At the secondary level, physical education (P.E.) and performing music classes will be 40 students per class, with a total daily class load/enrollment maximum of 200. P.E. and music teachers may choose to take larger classes and total daily class loads without the overload pay to accommodate their program needs. No teacher shall be required to exceed these limits.
 - b. At the elementary level, the overload levels for P.E. and music classes will begin at 26 students in K-3 and 30 students in grades 4-6. In elementary classes consisting of more than one grade level, actual enrollment shall not be more than the student-P.E. and music teacher ratio per class for the lower grade level.
5. The teacher and principal will make an assessment regarding which type of overload relief will be in the best interest of the students. The following are options to address class size if class sizes reach overload status:
 - a. Balance classes

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

B. Caseload

1. Special Education, Specialists, and Educational Staff Associates (ESAs)
 - a. KSD and KEA recognize that a reasonable school class size or caseload ratio is desirable and that the extensive demands of students with special needs require considerable plan development and implementation, individual time with students, and creates a higher workload, and that specialists who deal with broad portions of the student population must have responsibility to serve reasonable numbers of students in order to be effective. KSD and KEA believe that class-size and caseload ratio must reflect individual school needs and unique problems. The staffing allocation to the buildings will be based on staff to student ratios and will be monitored for consistency with District goals.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

- b. Itinerant support personnel may initiate caseload concerns in writing to the Inclusive Education administrator and the ESA Workgroup Lead. The Lead will work with members of the workgroup to address the concern. If after (5) days the concern is not addressed, the employee may submit their concerns to the superintendent's designee advising of the concern and of the decision or action taken by the administrator. The superintendent's designee will respond within five (5) days to the employee recommending a disposition of the concern consistent with the District program and mission and within budgetary, contractual, and legal constraints. When resolving caseload concerns, district averages will be used for nurses.

- vi. If the District is unable to contract with enough school psychologist to meet the districtwide staffing average in this agreement the District will offer additional FTE (e.g., 1.2 FTE contracts) to existing school psychologists staff. The additional FTE will increase their caseload proportionately. Extra FTE cannot be required and must be agreed upon by the school psychologist. Extra FTE will be provided from the date that the overload FTE is assigned.
- vii. Workload relief for nurses will be provided by health tech assistants.
- viii. An OT/PT/SLP whose caseload exceeds the caseload guideline by one (1) to four (4) students in any given month shall receive \$50 per student per month provided none of the above measures have been implemented. An OT/PT/SLP whose caseload exceeds the caseload guideline by five (5) students in any given month shall receive \$500 per month provided none of the above measures have been implemented. Each additional five (5) students will result in an additional \$500 per month.

4. Paraeducators

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

The parties recognize the important role played by paraeducators and agree that paraeducator assistance will be provided as follows to work both in the special education room and to work in the general education room as needed to provide inclusive experiences for students as directed by the special education teacher. Special education teachers with lower caseloads will work collaboratively with general education teachers at the secondary level, the curricular leader or department head to share paraeducator time as needed to meet the needs of special education students in the building. In the event that additional assistance is needed to meet student needs, the teacher may request a meeting with the building administrator and appropriate district staff to address the situation.

The following paraeducator hours are based on:

Primary Support Center	32.5 hrs/wk
Resource Room/Integrated Program	30 hr/wk for each -26 students
Self-Contained Academic/Support Center	65 hr/wk for each 10 students

Paraeducator staffing may be added to special education classrooms with high impact students based on the unique needs of students. Other remedies will be explored with the teacher and principal.

If a paraeducator position above is not filled within 10 school days of the vacancy, the teacher shall be paid \$25/day for each day the position remains unfilled. If the position remains unfilled for 30 days, the teacher shall be paid \$50/day for each day the position remains unfilled. This remedy is separate and apart from any remedy to which employees are entitled under Section 7.2.B.2.e and may be provided in addition to the remedy in Section 7.2.B.2.e if the qualifying event occurs.

Secondary ELL paraeducator assistance for English language development services will be allocated using the following formula:

ELL student count at school	hours per week of paraeducator services
0-75	15.0

5. In the event there exists a financial necessity (including but not limited to levy failure or a significant decrease in state support) that leads to a significant number of layoffs pursuant to Section 7.8, this section (Section 7.2) will not be applicable.

C. Student-Progress Reporting

1. The building principal or other administrative authority may not change a pupil's grade except for good cause following an inquiry as to the justification for such change. Any change in a pupil's grade shall be preceded by notice to the teacher who had assigned the grade to allow an opportunity for the teacher to provide relevant information to the principal or other administrative authority. Upon request, teachers shall provide, by the last day of each semester, a list of all students who have not successfully completed course requirements.
3. Elementary students shall be dismissed three (3) hours prior to the end of the regular school day for four days each semester (Monday, Tuesday, Thursday, Friday) and two (2) hours prior to the end of the regular school day on Wednesday for elementary teachers to conduct regular conferences. If this applies to more than one employee being recalled, those employees shall make their selections in order of seniority.

If Human Resources is unable to confirm receipt of the offer after one (1) attempt a day, either telephone or email, for three (3) business days, the next qualified person on the recall list will be offered the position. If an employee anticipates they will be unavailable they have a responsibility to assign a proxy under subsection 4.

3. Employees may notify Human Resources authorizing acceptance or rejection of an assignment on their own behalf.

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

ARTICLE VII – OTHER TERMS AND CONDITIONS OF EMPLOYMENT

Schools will make arrangements to administer the fall reading assessments outlined in the District's elementary school assessment calendar. No Kindergarten teacher will be required to administer that assessment.

- D. All teachers new to using the WaKIDS assessment are expected to complete the required training before the start of the school year, or 30 calendar days after the start of the school year, unless the teacher provides evidence of previously completed WaKIDS training. This time will be used for teachers to meet with parents and students to complete the Family Connection component of WaKIDS. For self-contained Inclusive Education programs, teachers have discretion as to when to schedule the meeting with parents to complete the Family Connection component. If such meetings are scheduled outside the contracted day, teachers will be compensated at their cert hourly rate on an extra pay timesheet. During the Family Connection phase, teachers welcome families as partners in their child's education and gather information from parents in support of each student's entry into Kindergarten and learning success. The school building will schedule translators as needed to facilitate the Family Connection.
- F. The second phase of WaKIDS is the TS Gold assessment, which is a whole child assessment based on information teachers have gathered about student strengths in six (6) areas. ARTICLE VIII – EVALUATION

Section 8.1 – Classroom Teacher Evaluation and the CEL 5D+ Evaluation Rubric

A. Introduction

This evaluation procedure recognizes that teaching and leading is work done by teachers and administrators working together through reciprocal accountability. It recognizes that quality teaching is a highly complex and sophisticated endeavor critically important to improving student learning and growth. Professional learning is a key component of an effective evaluation system. It further recognizes that an evaluation system should reflect and address professional growth throughout an educator’s career. This procedure is based on the expectation that teachers are professionals who understand their craft and are proficient in their practice and is designed to recognize strengths, identify areas needing improvement, and provide support for professional growth.

This evaluation procedure will encourage respect between the evaluator and the teacher by recognizing the importance of objective standards and minimizing subjectivity. Each teacher’s practices, skills and knowledge will be evaluated based on the adopted CEL 5D+ rubric. The parties agree that the following evaluation procedure will be implemented with integrity and in a manner consistent with good faith and mutual respect.

B. Applicability

1. This evaluation system only applies to classroom teachers, (see Section C, Definitions). The term “classroom teacher” includes general education, special education, academic intervention specialists, and ELL teachers. The term “classroom teacher” does not include Educational Staff Associates (ESA), Nurses, Counselors, Media Specialists/Librarians, TOSAs, Instructional Coaches, Mentors, E-learning instructors, Curriculum Specialists, Enhanced Intervention Specialists (EIS), ISS teachers, Behavior Specialist, Social Workers, Dean of Students/Educational Assistant and other employees who do not work with regularly recurring and specifically defined groups of students. Employees who do

ARTICLE VIII – EVALUATION

not meet the definition of “classroom teacher” will be evaluated on the model defined in Section 8.2 of this agreement.

2. When an employee has multiple job descriptions, the employee will be included in this evaluation model if at least .2 FTE of the employee’s job qualifies as a classroom teacher as defined in Section C (Definitions).

3. Teachers on Comprehensive Model

All classroom teachers shall receive a comprehensive summative evaluation at least once every six years, per state law. Classroom teachers on probation or provisional status will be placed on a comprehensive evaluation. Any classroom teacher who received a summative evaluation performance rating of level 1 (unsatisfactory) or level 2 (basic) in the previous school year must also receive a comprehensive summative evaluation.

4. Teachers on Focused Model

In the years when a comprehensive summative evaluation is not required, classroom teachers will complete a focused evaluation.

5. A continuing classroom teacher who is either voluntarily or involuntarily assigned to a teaching position with a substantive change in subject or grade level, will not be moved to a comprehensive evaluation, but will remain on either the comprehensive or focused evaluation based on the teacher’s current placement in the ~~four~~ six-year evaluation cycle, as implemented, and will be provided with the same assistance and support granted in Section J.
6. If a teacher departs in the middle of the school year and the departure is planned, the evaluator and teacher should come to mutual agreement about a timeline for completing observations and a summative conference. If not all elements of the rubric have adequate evidence to be scored, the reason for any omission must be noted on the summative form. If the departure is unplanned and it is not possible to complete an evaluation, the principal will document that it was not possible to complete the evaluation.
7. If a teacher is hired in the second semester by the District after observation timelines have passed, principals will ensure new hires receive training and informally observe the teacher at least once. The principal will document that it was not possible to complete the evaluation.
8. The teacher or the evaluator can initiate a move from the Focused to the Comprehensive Evaluation. A decision to move a teacher from Focused to a Comprehensive Evaluation must occur by November 15.

C. Definitions

1. “Artifacts” shall mean any products generated, developed, or used by a classroom teacher during the course of instruction. Artifacts should arise naturally from classroom instruction or practices and should not be created specifically for the evaluation system or at the

ARTICLE VIII – EVALUATION

direction of the evaluator. Additionally, tools or forms used in the evaluation process may be considered as artifacts.

2. “Criteria” shall mean one of the eight (8) state defined categories to be scored.
3. “Component” shall mean the sub-section of each criterion as it relates to student growth.
4. “Classroom teacher” shall mean a certificated employee who provides academically focused instruction to students. All classroom teachers shall be evaluated annually using either a Comprehensive or Focused evaluation process.
5. “Educational Staff Associates (ESAs)” shall mean OTs, PTs, SLPs, Psychologists, Social Workers, Nurses, and Counselors.
6. “Evaluation” shall mean the ongoing process of identifying, gathering, and using information to improve professional performance and assess total job effectiveness.
7. “Evaluator” shall mean a certificated administrator who has been trained in observation, evaluation and the use of the specific instructional framework and rubrics contained in this agreement and any relevant state or federal requirements. See paragraph G.3 below.
8. “Evidence” shall mean observed practice, products or results of a certificated classroom teacher’s work that demonstrates knowledge and skills of the educator with respect to the four-level rating system (WAC 392-191A-030).
9. “Framework” or “instructional framework” means one of the approved instructional frameworks adopted by the superintendent of public instruction to support the four-level rating system pursuant to RCW 28A.405.100. Kent has chosen the CEL 5D+ instructional framework.
10. “Indicators” provide more specific information on each dimension. Each dimension includes five indicators.
11. “Observe” or “Observation” means the gathering of evidence made through classroom or worksite visits, or other visits, work samples, or conversation that allow for the gathering of evidence of the performance of assigned duties for the purpose of examining evidence over time against the instructional rubrics pursuant to this section.
12. “Provisional” teacher means a teacher in their first three years of teaching in Washington State or a teacher with at least three years of experience in Washington State who is in their first year of teaching in the Kent School District.
13. “Rubric” means the descriptions of practice used to capture evidence and data and classify teaching performance and student growth using the evaluation criteria and the four-level rating system.
14. “Student Growth Data” shall mean the change in student growth between two points in time within the current school year. Assessments used to demonstrate growth must

ARTICLE VIII – EVALUATION

predominately originate at the classroom level and be initiated by the classroom teacher. Assessments used to demonstrate growth must be appropriate, relevant, and may include both formative and summative measures.

15. “Not Satisfactory” shall mean:

- a. Level 1: Unsatisfactory – Receiving a summative score of “1” is not considered satisfactory performance for any teacher.
- b. Level 2: Basic – If the classroom teacher is on a continuing contract with more than five (5) years of teaching experience and if a summative score of “2” has been received two years in a row or two years within a consecutive three-year period, the teacher is not considered performing at a satisfactory level.

D. Instructional Framework

1. The parties have agreed to adopt the evidence-based instructional framework developed by University of Washington Center for Educational Leadership (CEL 5D+) and approved by OSPI. The instructional framework is included in the Exhibit J-3 Teacher Progress Report and Exhibit J-5 Summative Observation Scores.
2. Nothing in the instructional framework will be binding on either party if it is contrary to the terms and conditions described in this agreement.

E. State Criteria and Scoring

1. The state evaluation criteria are:

Criterion 1: Centering instruction on high expectations for student achievement;

Criterion 2: Demonstrating effective teaching practices;

Criterion 3: Recognizing individual student learning needs and developing strategies to address those needs;

Criterion 4: Providing clear and intentional focus on subject matter content and curriculum;

Criterion 5: Fostering and managing a safe, positive learning environment;

Criterion 6: Using multiple data elements to modify instruction and improve student learning;

Criterion 7: Communicating and collaborating with parents and the school community; and

Criterion 8: Exhibiting collaborative and collegial practices focused on improving instructional practices and student learning.

ARTICLE VIII – EVALUATION

2. Criterion Performance Scoring

See Exhibits J-3 and J-5 for indicator to criterion scoring. All summative ratings must be based on a preponderance of evidence collected throughout the evaluation period and must reflect where performance has grown over time.

3. Summative Performance Rating for Comprehensive Evaluation

A classroom teacher shall receive a summative performance rating for each of the eight (8) state evaluation criteria. The overall summative score is determined by totaling the eight (8) criterion-level scores as follows:

1 = 8-14	Unsatisfactory
2 = 15-21	Basic
3 = 22-28	Proficient
4 = 29-32	Distinguished

4. Summative Performance Rating for Focused Evaluation.

A summative score is determined using the most recent comprehensive summative evaluation score. This score becomes the focused summative evaluation score for any subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator.

5. Student Growth Criterion Score

Added to the instructional framework are five (5) components designated as student growth components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. Evaluators add up the raw score on these components and the teacher is given a score of low, average or high based on the scores below:

5-12—Low
13-17—Average
18-20—High

- a. To determine the final student growth rating in Criteria 3.2 and 6.2, the evaluator will use the following matrices based on the number of students in the data set.

Data sets with ten or more students (>10) will use the following criteria:

Distinguished:	80-100%
Proficient:	51-79%
Basic:	25-50%
Unsatisfactory:	0-24%

Data sets with nine or few students ($n < 9$) will use the following criteria:

ARTICLE VIII – EVALUATION

Distinguished:	67-100%
Proficient:	50-66%
Basic:	25-49%
Unsatisfactory	0-24%

- b. Student growth data must be taken from multiple sources, and must be appropriate and relevant to the teacher's assignment. It will include teacher initiated formative and summative assessments of student progress and will be part of the normal classroom instruction. Student data that is not designed to show growth between two points in time in the current school year shall not be used to calculate a teacher's student growth criterion score. When there are extenuating circumstances out of the teacher's control, student scores that may negatively impact a teacher's overall student growth score will be dropped from the student growth data upon mutual agreement between the teacher and evaluator.
- c. If a teacher receives a Distinguished (4) summative score and a Low student growth score, they will automatically be moved to the Proficient (3) level for the final summative score.
- d. If a teacher on a Comprehensive Evaluation receives an Unsatisfactory (1) on any of the five (5) student growth components, a Low overall student growth score must be given. This will trigger the Student Growth Inquiry Plan. At the beginning of the following school year, the teacher and evaluator will mutually agree to engage in at least one of the following:
 - i. Examine student growth data in conjunction with other evidence including observation, artifacts, and other student and teacher information based on appropriate classroom, school district, and state-based tools and practices;
 - ii. Examine extenuating circumstances which may include: student growth goal setting process/and expectations, student attendance, curriculum/assessment alignment, and class size or caseload
 - iii. Schedule monthly conference focused on improving student growth to discuss/revise student growth goals, progress toward meeting student growth goals, and best practices.
 - iv. Create and implement a professional development plan to address areas of student growth.

F. Procedural Components of Evaluation

1. Notification

The teacher will be notified by the second Friday after Labor Day whether the teacher will be evaluated using the comprehensive or focused evaluation process and who will be assigned as the evaluator. The District will assign itinerant teachers a "home" work site or one where the majority of teacher's time is spent as a classroom teacher as defined in this

ARTICLE VIII – EVALUATION

Section. Itinerant teachers are those who are assigned to work at multiple worksites. Each teacher shall be given a copy of the evaluation criteria, procedures, and any relevant forms or screenshots appropriate to the employee's position and track in the evaluation cycle. See Exhibit J-1a (Comprehensive) and Exhibit J-1b (Focused). Request for an alternative evaluator must be submitted in writing by October 5, along with the rationale for the request, to the building principal. If such request is denied the District and Association will work to resolve the issue. A denial of a request by a principal or the District is not subject to the grievance procedure in Article IX. A teacher's evaluator may be changed during the school year when administrators have been reassigned or gone on leave during a year, or when the change has been otherwise agreed upon by the District and Association.

2. Observations

Each teacher will be observed at least two (2) times for a total of at least sixty (60) minutes each school year. These observations will be scheduled in advance and mutually agreed upon by the teacher and evaluator. Additional unscheduled observations may occur. Any third year provisional (P-1) will be observed at least three (3) times for a total of at least ninety (90) minutes.

3. Student Growth Goal Setting

- a. The teacher will select student growth goals for Components SG-3.1, SG-6.1 and SG-8.1. These goals may be interrelated. These will be provided to the evaluator and the evaluator will provide feedback on the rating of the goals under the appropriate rubric during the student growth goal setting conference (see Washington State Criteria 3, 6, and 8 Growth rubrics and documentation on Exhibits J-4a, b and/or c) A teacher on a focused evaluation will only select one student growth goal (see Section I below). The goal setting conference and forms will be completed by November 15.
- b. Student data that measures growth between two points in time within the current school year shall be used to calculate a teacher's student growth score.
- c. The District will provide time and support for all classroom teachers to engage in activities that support the student growth requirements, defined in Criteria 3, 6, or 8. Such time will be scheduled during the contracted work day.

4. The District will provide time and support for all classroom teachers to engage in activities that support and satisfy the collaborative practice of Criterion 8, including the information of job-alike team and department meetings. Such time will be scheduled during the contracted work day and will be equitable to all classroom teachers.

5. Evidence and Artifacts

- a. Both the teacher and the evaluator may collect and share artifacts and evidence necessary to complete the evaluation.

ARTICLE VIII – EVALUATION

- b. The teacher may provide additional evidence and artifacts to aid in the assessment of the employee's professional performance against the rubric, especially for those criteria not observed in the classroom.
- c. This collection of evidence will be accomplished openly and whenever possible, jointly assessed against the CEL 5D+ rubric.
- d. Teachers may bring evidence and artifacts to their post-observation conference. Teachers may submit evidence/artifacts any time prior to the final summative evaluation meeting, but no later than May 1.
- e. All evidence, measures, artifacts and observations used in developing the final summative evaluation score must be a product of the school year in which the evaluation is conducted.
- f. Evidence should be gathered from the normal course of the essential functions of the job and evaluation criteria. Evidence collection is not intended to be a professional portfolio but rather is a sampling of observed practices and/or data to inform the decision about level of performance. Input from students, parents, or anonymous sources may not be used as evidence. No use of hearsay shall be injected into the documentation pertaining to evaluation. The evaluator shall not solicit or use student, parent, employee and/or community member input for evaluative purposes.

6. Unscheduled Observations

- a. An unscheduled observation is an observation that is not required to be pre-scheduled, but must be a minimum of 15 minutes in length if used for evaluative purposes.
- b. Observations do not have to be in the classroom. Department or collegial meetings may be used for unscheduled observations.
- c. Unscheduled observations must be documented in writing. Documentation will consist of a script with CEL 5D+ coding using the District Designated Electronic/Digital Evaluation Platform (DDEDEP). A teacher will receive feedback (scripting and coding) via the DDEDEP within five (5) school days of the observation. Following an unscheduled observation, a post-observation conference will be held at the request of the teacher or evaluator.

7. Second Year Provisional Teacher

- a. A second year Provisional teacher who receives a summative rating of Proficient (3) may be granted continuing contract status for the subsequent school year per RCW 28A.405.220(1)(c). The provisional teacher may request in writing to the evaluator that they be moved to continuing contract status following the final evaluation conference meeting with the evaluator. If the evaluator concurs, he or she will notify Human Resources that the teacher is recommended for continuing contract status. Following approval by the Superintendent, the provisional employee will be granted continuing contract status.

ARTICLE VIII – EVALUATION

- b. A second year provisional teacher who receives a summative rating of Distinguished (4) shall be granted continuing contract status for the subsequent school year.

8. Record-Keeping

Human Resources shall keep only hard copies of the final summative evaluation coversheet (Exhibit J-1a or J-1b), the summative evaluation scores (Exhibit J-5) and the teacher's rebuttal, if one is attached, in the personnel file. Other documentation will be kept in the evaluator's working file or shall be returned to the teacher or destroyed on a three-year cycle.

9. Electronic Monitoring

All observations shall be conducted openly. Audio or video devices shall not be used to record any class or collaborative meeting for the purpose of evaluation.

10. District Designated Electronic/Digital Evaluation Platform (DDEDEP)

Access to and training on the DDEDEP shall be provided to all classroom teachers. Teachers may upload supplemental evidence and artifacts into the system but are not required to do so.

G. Professional Development

Prior to being evaluated under this article, the District shall provide professional development relevant to the framework and evaluation process. Each teacher shall receive adequate professional development to develop understanding of the framework and the evaluation process. Such professional development shall be provided as follows:

1. All teachers new to the Kent School District and/or the CEL 5D+ evaluation framework shall be provided the equivalent of two (2) full days of training, which shall include twelve (12) hours of instruction, a 30-minute duty-free lunch each day, and two (2) hours of individual planning time for a total of fifteen (15) hours of professional development designed to introduce the evaluation rubrics and the process.
2. Professional Development that occurs outside of the scheduled workday shall be paid at the individual teacher's cert hourly rate.
3. No teacher shall be evaluated by a principal/administrator who has not been trained in observation, evaluation, and the use of the specific instructional framework and rubrics contained in this agreement and any relevant state or federal requirements. The District will provide the Association with written confirmation of the demonstrated competence and inter-rater agreement of each evaluator. Such documentation will be provided to the Association by October 1 of each year.

ARTICLE VIII – EVALUATION

H. Comprehensive Evaluation

The Comprehensive Evaluation is a growth-oriented, teacher/evaluator collaborative process that requires teachers to be evaluated on the eight state criteria. A teacher eligible for focused evaluations must complete a comprehensive evaluation once every six years.

1. Pre-Observation Conference

A pre-observation conference shall be held prior to the first scheduled observation for non-provisional teachers and prior to each scheduled observation for provisional teachers. The teacher and evaluator will mutually agree when to conference. The purpose of the pre-observation conference is to discuss the professional practices to be observed, their content, objectives, strategies, and possible observable evidence to meet the scoring criteria. The pre-conference form (Exhibit J-2) will be used to guide the conversation, but the form shall not be required to be completed. The pre-observation conference for the first observation will be held by November 14. For subsequent scheduled observations for non-provisional teachers, pre-observation conferences shall be held at the request of the teacher or evaluator.

2. Scheduled Observations

- a. The first of at least two (2) scheduled observations for each teacher shall be conducted by November 15. A second scheduled observation will occur prior to February 15. The evaluator and teacher will mutually agree on the date the observation is to occur. The teacher may request additional observations.
- b. Teachers in their first and second year of provisional status (P-3 and P-2) and continuing teachers will be observed at least two times for at least sixty (60) minutes total. A teacher in the third year of provisional status (P-1) as defined in RCW 28A.405.220 shall be observed at least three times in the performance of duties for at least ninety (90) minutes total. Any scheduled observation shall not be less than 20 minutes in length and will occur no more than five (5) school days after the pre-observation conference.
- c. The evaluator will document all scheduled and unscheduled observations and provide copies of the script with CEL 5D+ coding to the teacher within five (5) school days via the DDEDEP.
- d. Additional scheduled or unscheduled observations must occur prior to April 20.

3. Post-Observation Conference

- a. The post-observation conference between the evaluator and teacher will be confidential and will be held no later than five (5) school days after the scheduled observation.
- b. The purpose of the post-observation conference is to review the teacher's and evaluator's evidence related to the scoring criteria (Exhibit J-5) during the observation, and to discuss the teacher's performance.

ARTICLE VIII – EVALUATION

- c. If there are areas of concern, the evaluator will identify specific concerns for the applicable state criteria and related indicators in writing and provide possible solutions to remedy the concern.
- d. No later than February 15, teachers will be given a progress report (Exhibit J-3) and conference indicating their current level of performance against the CEL 5D+ evaluation rubric and the state eight (8) criteria. If the teacher believes that procedures outlined in this section were not followed, and/or the indicators were not objectively scored, they will be granted the following additional opportunities:
 - i. An additional scheduled observation conducted by a mutually agreed upon evaluator.
 - ii. A mutually agreed upon evaluator, preferably from within the Kent School District, will review the evidence/artifacts gathered during the school year.

4. Final Summative Evaluation Score and Conference

- a. No later than May 15 the evaluator and teacher will meet to discuss the teacher's final summative score. The final summative score, including the student growth score, will be determined by an analysis of evidence/artifacts collected by the evaluator and the teacher. The teacher has the right to provide additional evidence if needed for each criterion any time prior to the final evaluation conference but no later than May 1 (see Section 1.F.5.d above).
- b. Indicator to Criterion Scoring

The rating rubric for each criterion on the final Comprehensive Evaluation report will be Unsatisfactory (1), Basic (2), Proficient (3), Distinguished (4). A final summative rating shall be given by the evaluator, based on totaling the eight (8) criterion level scores as follows:

Unsatisfactory	Basic	Proficient	Distinguished
8-14	15-21	22-28	29-32

- c. All evidence, measures and observations used in developing the final summative evaluation score must be a product of the school year in which the evaluation is conducted.
- d. If the evaluator assigns the teacher a final summative score below Proficient, the evaluator must provide multiple pieces of evidence for each criterion scored Basic or Unsatisfactory.
- e. The teacher will acknowledge in the DDEDEP the Final Summative Evaluation Report (see Exhibit J-1a (Summative Comprehensive Evaluation)) and will acknowledge in the DDEDEP the observation and evaluation forms to indicate receipt. The teacher's acknowledgement does not necessarily imply that the teacher agrees with the contents of the evaluation/observation report.

ARTICLE VIII – EVALUATION

- f. The teacher may attach additional comments or a rebuttal to observation and Final Summative Evaluation reports.

I. Focused evaluation

1. The Focused Evaluation is used when a teacher is not evaluated using the Comprehensive Evaluation process, and will include evaluation of one of the eight (8) state criteria.
2. Pursuant to WAC 392-191A-110, as appropriate to the criteria selected, the evaluation of the classroom teacher may include observation of duties that occur outside the classroom setting. If the criterion selected for a focused evaluation has been determined to be Criterion 8, a classroom based observation will not be required.
3. A group of teachers may focus on the same evaluation criterion and share professional growth activities. This collaboration should be initiated by the teacher(s) and no individual shall be required to work on a shared goal.
4. Pursuant to WAC 392-191A-120, the conduct of the focused evaluation of classroom teachers must include the following:
 - a. One of the eight (8) criteria for certificated classroom teachers must be assessed in every year that a comprehensive evaluation is not required. Prior to September 30, one criterion will be selected by the teacher.
 - b. The evaluation must include an assessment of the criterion using the instructional framework rubrics and the state approved student growth rubrics. More than one measure of student growth data will be used in scoring the student growth rubrics. The measures selected to be used for student growth will be determined in collaboration with the teacher and the evaluator.
 - c. The focused evaluation will include the student growth rubrics of the selected criterion. If criterion 3, 6 or 8 is selected, teachers will use the embedded student growth rubrics. If criterion 1, 2, 4, 5, or 7 is selected, teachers will choose criterion 3 or 6 to demonstrate student growth.
5. A focused evaluation shall include at least two (2) observations for total observation time of not less than sixty (60) minutes. These observations shall follow the same pre-observation process as the comprehensive evaluation. The first scheduled observation for a Focused evaluation must be completed by February 15 and the second scheduled observation for a Focused evaluation must be completed by April 20.
6. A summative score is determined using the most recent comprehensive summative evaluation score. This score becomes the focused summative evaluation score for any subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator.

ARTICLE VIII – EVALUATION

J. Support for Teachers on Comprehensive

1. The Association and employee will be notified by the evaluator whenever any teacher's evaluation is trending basic or unsatisfactory no later than February 15 or whenever any teacher receives an overall Basic or Unsatisfactory summative performance rating on an evaluation. The employee's evaluator may determine whether a teacher in provisional status in the first two years (P3, P2), whose comprehensive summative evaluation rating is trending Basic or below will participate in the plan of support outlined below. Before a determination is made to non-renew for performance reasons a P3 or P2 teacher, the teacher must be offered a plan of support and the evaluator must provide documentation of the performance supports provided to the teacher in the second semester to the Association and Human Resources. Teachers in their last provisional year (P1) or Continuing contract teachers who receive a mid-year progress report or summative performance rating that is trending overall Basic or Unsatisfactory will be provided by the District with support and assistance to encourage the teacher's growth and future success no later than ten (10) school days after the mid-term progress report or after the teacher has received an overall Basic or below summative performance rating. The evaluator will have completed at least two observations (including at least one scheduled observation) prior to providing a score of Basic or below on a mid-term progress report. The District will provide a common template, developed jointly by the Association and District, for support and assistance that includes specific achievable goals that are measurable and time bound. The initial proposal for support will be developed by the evaluator and then reviewed and adjusted in conjunction with the teacher and the Association.
2. When a teacher is trending Basic or Unsatisfactory in one or more of the Eight (8) State Criteria, but not as an overall summative performance rating, additional support may be provided at the employee or administrator's request.
3. Examples of support and assistance in paragraphs 1 and 2 above may include but are not limited to:
 - a. Release time
 - b. Additional planning time
 - c. Accessing an instructional coach
 - d. Sub-release time to observe a colleagues' instruction
 - e. Other supports as mutually agreed upon by the teacher and the evaluator.

For purposes of professional growth and coaching, audio and/or video recording may occur upon request by the teacher; it is understood that such recording will not be used as part of the evaluation process.

4. Any non-provisional teacher who received an overall summative evaluation score of Basic or Unsatisfactory in the previous year will be formally observed before October 15 the following year.

ARTICLE VIII – EVALUATION

5. Written notice regarding potential nonrenewal of a provisional teacher will be given to the Association and teacher prior to March 1, or thirty (30) calendar days after the teacher begins work, whichever is later.

K. Probation

1. General

- a. A classroom teacher whose work is judged Unsatisfactory (1) based on the summative comprehensive scoring criteria may be placed on probation by the Superintendent after October 15, but no later than a minimum of 60 school days prior to May 1 of any school year.
- b. A continuing contract teacher with more than five (5) years of teaching experience whose comprehensive summative evaluation score is Basic (2) for two (2) consecutive years or for two (2) years within a consecutive three (3) year time period shall also be placed on probation.
- c. Teachers on continuing contracts who have been assigned to teach outside of their endorsements shall not be subject to nonrenewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments.

2. Probationary Process

- a. In the event that an evaluator determines that the performance of a teacher under their supervision merits probation, the evaluator shall report in writing to the Superintendent, teacher, and Association. The report shall include the following:
 - i. The evaluation report prepared pursuant to the provisions of Section 8.1.H above; and
 - ii. A specific, time-bound, and reasonable program designed to assist the teacher in improving their performance.
- b. If the Superintendent concurs with the administrator's judgment that the performance of the teacher is unsatisfactory, the Superintendent shall place the teacher in a probationary status for a period of not less than sixty (60) school days, any time after October 15. The probationary period may be extended into the following school year if the teacher has more than five (5) years of teaching experience and the final summative rating as of May 15 is Unsatisfactory (1).
- c. Before being placed on probation, the Association and the teacher will be given written notice of action by the Superintendent which will contain the following information:
 - i. Specific areas of performance deficiencies identified from the instructional framework rubric;
 - ii. A specific, time bound, and reasonable probationary program for improvement;

ARTICLE VIII – EVALUATION

- iii. A statement indicating the duration of the probationary period and that the purpose of the probationary period is to give the teacher the opportunity to demonstrate improvement in their area(s) of deficiency.
- d. A probationary plan will be developed and will include the specific evaluative criteria which must be met and the measures and benchmarks which will be used to determine the teacher's success or failure. The plan will include a system for periodic feedback during the term of probation, supports provided and funded by the district (see Section 8.1.J above), and the dates those supports will be put in place.
- e. Evaluation During the Probationary Period
 - i. At or about the time of the delivery of a probationary letter, the evaluator shall hold a personal conference with the probationary teacher, a representative from Human Resources, and a KEA advocate to discuss performance deficiencies and the remedial measures to be taken.
 - ii. Once the areas of deficiency and criteria for improvement have been determined, they may not be changed.
 - iii. During the probationary period the evaluator shall meet with the probationary teacher at least twice a month to supervise and make a written evaluation of the progress, if any, made by the teacher. The provisions of Section 8.1.H above shall apply to the documentation of observation reports during the probationary period.
 - iv. The probationary teacher may be removed from probation at any time if they have demonstrated improvement to the satisfaction of the evaluator in those areas specifically detailed in their notice of probation.
 - v. The probationary teacher may request that a second certificated evaluator become part of the probationary process and the request must be granted. This evaluator will be jointly selected by the District and the Association.
- f. A teacher who is on a plan of probation must be removed from probation if they have demonstrated improvement in the areas prescribed as deficient. The teacher must be removed if a teacher with five (5) or fewer years of experience scores at Basic (2) or above and a teacher of more than five (5) years scores at Proficient (3) or above.
- g. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause.

3. Evaluator's Post-Probation Report

Unless the probationary teacher has previously been removed from probation, the evaluator will submit a written report to the Superintendent at the end of the probationary period. The report will identify whether the performance of the probationary teacher improved in the areas of deficiency and will recommend one of the following:

ARTICLE VIII – EVALUATION

- a. The teacher demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status; or
- b. The teacher did not demonstrate sufficient improvement in the stated areas of deficiency and action should be taken to non-renew the employment contract of the teacher.

4. Action by the Superintendent

Section 8.3 – Probation

A. Administrator's Report

ARTICLE IX – GRIEVANCE

ARTICLE IX – GRIEVANCE

Section 9.1 – Definitions and General Conditions

A. Definitions

1. A “grievance” is a claim by an employee or the Association that there has been a violation, misinterpretation or misapplication of any provision of this Agreement or any District policy, approved rule, regulation or procedure consistent with Board policies.
2. “Grievant” means the Association or an employee having a grievance.

B. General Conditions

1. Time Limits

The adjustment of grievances shall be accomplished as rapidly as possible. To that end, the number of days within which each step is described to be accomplished shall be considered as maximum and every effort shall be made to expedite the process. For the purposes of this Article, “days” will be defined as student contact days when all schools are in session during the regular school year. The time limits provided in the Article shall be strictly observed unless extended by written agreement of the parties. Failure of the Association to proceed with its grievance within the times provided shall result in the dismissal of the grievance. Failure of the Board or its representatives to take the required action within the times provided shall entitle the Association to proceed to the next step of the grievance procedure.

2. Representation

A grievant may be represented by a representative of the Association or a grievant may present their grievance to the employer and have such grievance adjusted without the intervention of the Association as long as the Association has been given an opportunity to be present at that adjustment and to make its views known, and as long as the adjustment is not inconsistent with the terms of this Agreement.

3. Additional Participants

Both parties in the grievance-adjusting procedure may call in other persons who could make a pertinent contribution to the acceptable adjustment of a grievance.

4. Freedom from Reprisal

Participants involved in grievance adjustment proceedings, whether as a grievant, a witness, an Association representative, or otherwise, shall not suffer any restraint, interference, discrimination, coercion, or reprisal on account of their reasonable participation in the grievance-adjusting process.

ARTICLE IX – GRIEVANCE

5. Assistance in Investigation

During the course of any investigation by the Association, the District shall cooperate with the Association and furnish to it relevant and necessary information for the processing of the grievance.

6. Hearings

All hearings or conferences pursuant to this grievance procedure shall be scheduled at a time and place which will afford a reasonable opportunity for all parties entitled to attend to be present, including any and all witnesses. Such hearings shall be conducted during non-school hours, unless there is mutual agreement for other arrangements. In the event a hearing is scheduled during school hours, the District shall provide release time for the grievant(s) and any witnesses. The District and the Association are responsible for the payment of their own representatives and witnesses involved in any grievance meeting. The parties will use good faith efforts to meet all scheduling deadlines in the grievance procedures.

7. Exception

If the grievance arises from an action of authority higher than the immediate supervisor, the grievant may present such grievance at Step 2 of this procedure.

8. Arbitrability

A grievance based on any District policy, approved rule, regulation or procedure consistent with Board policy and not a provision of this Agreement shall be final with the decision of the superintendent or their designee and shall not be submitted to Step 3.

9. Continuity of Grievance

Notwithstanding the expiration of this Agreement, any claim or grievance arising prior to the expiration date of this Agreement may be processed through the grievance procedure until resolution.

10. Probation/Nonrenewal

No grievance proceeding shall limit the authority of the District to proceed with probationary and/or nonrenewal action pursuant to the procedures established by state law.

11. Grievance resolution

If the Association opts for an alternate method of dispute resolution as provided for by law or regulation, the arbitration step of the grievance procedure shall not be utilized for the same claim.

ARTICLE IX – GRIEVANCE

Section 9.2 – Procedures

KEA and the District value problem-solving at the lowest possible level. In the event that an employee believes there is a basis for a grievance, the employee may first discuss the alleged grievance with their building principal or other appropriate supervisor, either personally or accompanied by their Association representative. Should the grievance not be sufficiently resolved at the informal level, the following steps will be used as a formal grievance process.

A. Step 1

The grievant may invoke the formal grievance procedure on the form set forth in Exhibit C which will be available from the Association representative in each building. A copy of the grievance shall be delivered to the principal or appropriate supervisor. If the grievance involves more than one (1) school building, it may be filed with the superintendent or a representative designated by the superintendent. A grievance must be filed within forty-five (45) days of the occurrence of which the grievant complains or within forty-five (45) days of the time when the grievant, with reasonable diligence, should have known of the occurrence of which they complains, whichever is later. Within seven (7) days of the receipt of the written grievance, the principal or appropriate supervisor shall meet with the grievant in an effort to resolve the grievance. The principal or appropriate supervisor shall indicate their decision regarding the grievance within seven (7) days of such meeting, and shall furnish a copy to the grievant, and, upon request, to the Association.

B. Step 2

If the grievance is not resolved within seven (7) days of such meeting, the grievance may be transmitted to the superintendent. The transmittal to the superintendent shall be made within fourteen (14) days of such meeting (Step 1). Within seven (7) days of the receipt of the written grievance, the superintendent or designee shall meet with the grievant and shall indicate their decision within seven (7) days of such meeting, and shall furnish a copy to the grievant and to the Association.

C. Step 3.

If the grievance is not resolved with the decision by the superintendent, or their designee, or if no decision has been made within the period provided in Step 2, the grievant may, within fourteen (14) days of meeting with the superintendent or their designee, request in writing that the Association submit their grievance to grievance mediation (D), or final and binding arbitration (E). The Association may exercise its right to grievance mediation or arbitration by giving the superintendent written notice of its intention to mediate or arbitrate within twenty-eight (28) days after the step two meeting with the superintendent or their designee.

D. Grievance Mediation

In the event the Association notifies the superintendent or their designee of its intention to mediate as per subsection C above, then the District shall respond, within seven (7) days from receipt of the Association's request, as to whether or not the District agrees to grievance mediation.

ARTICLE IX – GRIEVANCE

In the event the District does not agree to grievance mediation, the Association may exercise its right to arbitration by filing such notice within fourteen (14) days of receipt of the District's response for grievance mediation.

The District and the Association must mutually agree to submit a grievance to mediation. Within seven (7) days following an agreement to mediate the grievance, the Association and the District shall meet to identify a mediator. In the event the parties cannot reach agreement on a mediator, the party winning a coin toss shall choose the mediator. The process shall be subject to the following rules and conditions:

1. A mediation conference shall be scheduled as soon as possible upon selection of a mediator.
2. The mediator shall conduct no more than three (3) mediations per day.
3. The location, date, and starting time for the mediation shall be agreed to by the District and the Association.
4. The fees and expenses of the mediator shall be shared equally by the parties. The cost of substitutes, witnesses and representatives shall be borne by the respective party.
5. The grievant shall have the right to be present at the mediation conference. The cost of the substitute, if any, for the grievant shall be borne equally by the Association and the District.
6. Grievance claims regarding retroactive compensation shall be limited to the calendar year during which the grievance occurred.
7. One (1) person from each party shall be designated as spokesperson for that party at the mediation conference.
8. The mediator will have the authority to meet separately with either party, but will not have the authority to compel the resolution of a grievance.
9. The presentation of facts and considerations shall not be limited to those presented at Step Two of the grievance procedures. Proceedings before the mediator shall be informal in nature. There shall be no formal evidence rules. No transcript or record of the mediation conference shall be made. The mediator shall attempt to assure that all necessary facts and considerations are revealed to them.
10. Written material presented to the mediator shall be returned to the party presenting that material at the termination of the mediation conference, except that the mediator may retain one copy of the written grievance to be used solely for the purposes of statistical analysis.
11. In the event that a grievance which has been mediated is appealed to arbitration, the mediator may not serve as arbitrator, nor may the mediator be placed on any panel from which an arbitrator is to be selected by the parties. In the arbitration proceedings, there shall be no reference to the fact that a mediation conference was or was not held. Nothing said or done by the mediator may be referenced or introduced into evidence at the

ARTICLE IX – GRIEVANCE

arbitration hearing and nothing said or done by either party for the first time in the mediation conference may be used against it in arbitration.

In the event there is no agreement through the mediation process, the Association may exercise its right to submit the grievance to final and binding arbitration by providing written notice of such intent to the District within fourteen (14) days of the termination of the mediation process.

E. Arbitration

In the event the Association wants to arbitrate and so notifies the superintendent or their designee, then the following conditions shall apply:

1. The parties will have fourteen (14) business days from the date of the Association's Notice of Intent to Arbitrate in which to identify a mutually acceptable arbitrator. If the parties are unable to identify a mutually acceptable arbitrator within this timeframe, the parties will jointly request a list of nine (9) potential arbitrators from the Public Employee Relations Commission (PERC). The parties will alternate striking of arbitrators until only one (1) arbitrator remains. The final arbitrator selection process will be complete within ten (10) business days after receipt of the PERC list by the parties. Hearings shall be conducted in accordance with the rules of the Federal Mediation and Conciliation Service (FMCS).
2. The compensation and expenses of the arbitrator will be divided equally between the two (2) parties.
3. Grievance claims regarding retroactive compensation shall be limited to 24 months prior to the date the grievance was filed.

Section 9.3 – Individual Complaints

If an individual employee has a personal complaint which they desire to discuss with a supervisor, they are free to do so without recourse to the grievance procedure. Any adjustment of the complaint shall be consistent with the terms of this Agreement.

We are committed to developing opportunities for shared decision making as a process in which community, staff, and building administration share in the development of organizational strategies and policies that will create a sound educational environment. Fundamental to this process is the belief that broad educational goals can best be implemented by the individual schools assessing their unique needs and resources. An important function of the District and the association is to support learning improvement teams as outlined in KSD policy 2010.
- C. A school which has developed a plan which conflicts with this agreement can ask for a letter of agreement to waive contract language. Such a request will be granted by the parties, provided it is mutually agreed that the letter of agreement will create a sound educational environment and will not jeopardize either party's interests. Letters of agreement approved will be granted for up to one (1) year.

Section 12.2 – Letter of Agreement Process

- A. Any arrangement or action that is contrary to the terms of the collective bargaining agreement shall require a waiver in the form of a letter of agreement which specifies the nature and duration of the agreement. A letter of agreement may also memorialize arrangements or actions not covered by the terms of the collective bargaining agreement, if both parties agree that it would be useful to document such arrangement or action. This agreement, upon approval of KEA and the District, will be considered an addendum to the collective bargaining agreement for the purpose of innovative and creative program implementation or other worthy purpose.
- B. At the time that a letter of agreement is requested, a form must be submitted to the KEA president which shows written evidence demonstrating that at least two-thirds (2/3) of the employees affected by the agreement are in support.
- C. All letters of agreement must be signed by the association president or their designee and the District's designated human resources administrator.
- D. All letters of agreement shall be kept on file as follows: one (1) copy in the human resources office, one (1) copy in the association office, and one (1) copy at the site that originated the agreement.
- E. All letters of agreement shall expire at the end of the school year in which they go into effect unless the parties mutually specify another period.

ARTICLE XIII – DUAL LANGUAGE

ARTICLE XIII – DUAL LANGUAGE

Section 13.1 – Program

A. Teacher participation in the District Dual Language Program is voluntary. In Dual Language Program schools, the program involves two (2) teachers partnered as a Dual Language teaching team, compromised of a second language teacher and an English language teacher for each grade level participating in the program. KEA and the District recognize that the needs of each school community differ. The District will communicate any anticipated programmatic changes prior to their implementation to KEA through the joint committee as described in this agreement. Typically, a school's program will be initiated at Kindergarten and possibly first grade for the first year, with an additional grade level being added each subsequent year.

B. Training

1. Teachers in the Dual Language Program will be provided specific District-designated training in dual language instruction and provided the instructional materials necessary to implement the program.
2. Teachers new to the Dual Language program will be offered three days of training in the summer prior to the start of the teacher's first school year with the program. Training time will be paid at per diem on timesheets submitted to the director of multilingual education.
3. The District will pay training time at per diem and any fees for the additional District-required training. If such training involves travel, the District will pay expenses, including mileage, airfare, hotel costs, and/or meal stipend. For required training which requires overnight travel, a day of travel will be considered a work day for compensation purposes.

C. Involuntary Transfers

1. For the term of this agreement, no non-Dual Language program teachers currently working in any Dual Language program schools will be subject to involuntary transfer due to the hiring of a teacher for a new grade level in the Dual Language program. If attrition fails to result in open positions, the District will provide additional FTE to the school(s).
2. For the term of this agreement no KEA members currently working in the Dual Language program will be subject to involuntary transfer. If a teacher decides to opt out of the program, the teacher must provide written notice by March 15. After opting out, the teacher will be subject to involuntary transfer per the terms of the CBA.

D. Guest Teachers

The District will maintain a list of Spanish-speaking (or other designated second-language) guest teachers and provide the list to teachers in the Dual Language Program. The unavailability of a Spanish-speaking teacher shall not prevent a teacher in the program from accessing leave. The District will actively recruit Spanish-speaking (or other designated second-language) guest teachers.

ARTICLE XIII – DUAL LANGUAGE

E. Resources

The District will work collaboratively with teachers in the program to select appropriate hard copy and/or electronic instructional materials for core curriculum in Spanish or other designated second-language for purchase by the District. If program changes are made, all required instructional materials will be provided prior to implementation of these changes. Teachers will be provided basic materials needed to implement the Dual Language program as determined in collaboration between the teachers and the principal.

F. Interpreters

Teachers in the Dual Language program will not be expected to assume the role of interpreters for other conferences or communication in the school. The District will continue to provide interpreters as needed.

Section 13.2 – Dual Language Teacher Compensation

Teachers in the Dual Language program shall be offered seventy (70) hours per year at per diem, paid by Special Projects timesheet, to be used at their option for attendance at monthly district-wide collaboration meetings and/or additional planning time with their grade level partner. Teachers in their first or second year in the Dual Language program shall receive an additional twenty (20) hours per year for a total of ninety (90) hours.

Section 13.3 – Dual Language Goal Setting, Parent Conferences, and Report Cards

Teaching partners in the Dual Language program will collaborate and share information to facilitate progress reporting for all students. Release time or per diem, paid by Special Projects timesheet, will be provided as compensation for this work as delineated below. Release days chosen by the teacher in this section or Section 13.4 may be scheduled by the teacher on any school day a guest teacher is available, provided the teacher is responsible for completing the goal-setting, conferences, report cards and required student assessments on the District schedule.

A. Goal Setting Collaboration

Dual Language teachers will receive a total of 7.5 hour paid at cert hourly rate or one day release to collaborate for the completion of the fall goal setting form.

B. Fall Conference Period

Dual Language teachers will receive a total of 7.5 hours paid at cert hourly rate or one day release to participate in fall conferences with their partner teachers' homeroom students. Dual Language teaching teams at each site can choose to schedule these additional paid hours as best meets their collective needs to prepare for parent conferences.

Exhibit A – Professional Learning Communities (PLCs)

Kent School District/Kent Education Association
August 23, 2013

- A. The Kent School District and the Kent Education Association believe that effective collaboration focused on improved learning for all students is a significant part of continuous strengthening of professional practice. We believe this time should be meaningful and relevant to staff and align with current research and best practices. Collaboration is a systemic process in which employees work together, interdependently to analyze and impact their professional practice in order to improve individual and collective student growth. The work of the PLC will be grounded in the four guiding questions:
1. What do we expect students to learn?
 2. How will we know if each student has learned it?
 3. How will we respond when some students do not learn it?
 4. How can we extend and enrich learning for students who have demonstrated proficiency?
- B. The purposes and goals of the PLC will be guided by the following framework:
1. The work of PLCs will be an ongoing process of collective inquiry and action research to support student growth.
 2. PLC teams recognize the importance of data and will use data to inform the decisions and work of the team.
 3. Leadership will be shared and distributed among the participants of each PLC team. Sharing power and authority among team members increases leadership capacity and builds a belief in the school's collective ability to positively affect student learning.
 4. A major focus of the PLC is on student learning where employees work and learn together, as they reflect on the effectiveness of their practice and the needs, interests, and skills of their students.
 5. A plan will be developed for specialists (music, PE, counselors, librarians, OTs, etc.), as well as single educators who represent their departments (Japanese, ASC, SC, ELL, etc.), to participate in PLCs within a building. PLCs may also be developed by job-alike across the district.
 6. If requested by the building principal, Professional Learning Communities may complete a form to document the work of their group. The form will be made available to PLC team members and building administrators electronically and will be stored on the school server.

Please identify the guiding question(s) the team focused on today. There are 1-4 considerations associated with each question. The considerations may be useful in helping to facilitate your team's discussion. The PLC team members should collectively decide what information is needed to appropriately capture the team's discussion.

☐ What do we expect students to learn?

- ▶ *Define the student need based on Common Core State Standards (CCSS), WA State Content Standards, curriculum pacing guides, formative/summative assessment results, benchmark tests, student work samples, etc.*
- ▶ *What will you look for as evidence of success? What criteria might be used for evaluating student work over time? What data points will be used to measure student growth/progress?*

☐ How will we know if they learn?

- ▶ *Describe the instructional approach used, and explain the rationale for selection of this instructional approach.*
 - *Explain how/why the instructional approach helps meet the objective.*
- ▶ *Plan the details for preparing and teaching this well.*
- ▶ *Clarify/determine the required collection of evidence (e.g. what will be collected, when, how will it be assessed, and in how will the data be compiled).*

☐ How do we respond when students do not learn?

- ▶ *List the strengths evident in the student work. Consider all student groups when analyzing data. Student groups are defined by the federal/state identified Annual Measurable Objective (AMO) groups (i.e., race and participation in ELL and inclusive services).*
- ▶ *Describe how instruction might have contributed to the strengths. Consider all student groups when analyzing data.*
- ▶ *List the continuing needs and misconceptions evident in the student work. Consider all student groups when analyzing data.*

- ▶ *Describe what needs to happen in subsequent instruction to address the continuing needs. Consider all student groups when analyzing needs.*

□ How do we respond when students are learning?

- ▶ *What worked well? What evidence shows these were effective lesson elements?*

Team Goals/Agenda:

(e.g. Analyze assessment results from Chapter 3 math test to identify strengths, deficits and students of concern; then plan next steps.)

Today's Successes:

(e.g. We wrote the learning targets and success criteria for the upcoming unit on ____; We discussed a new instructional approach to improve reading comprehension skills.)

Questions or concerns as a result of today's work:

Exhibit I-2 – Waiver Process

The waiver process is intended to reaffirm the commitment of the Association and the District in creating a sound educational environment in each unique school setting. The following steps specify the procedure for securing a waiver per the collective bargaining agreement in Article XII (Waivers and Other Agreements) and Exhibit I-1 (Waiver Form).

A. Building Process

Staff in a school building may develop a plan for improving a sound educational environment that conflicts with the language of the current collective bargaining agreement, as recognized in Article XII. It is expected that the building representative from KEA and a school building administrator will share potential arrangements or actions with each other in informative conversations.

1. Initiation of the Process

KEA is the primary initiator of the waiver process. As such, the KEA Building Representative or designee has primary responsibility for incorporating the proposed arrangement or action into a waiver letter of agreement (the "Waiver LOA") and guiding the Waiver LOA process at the building level.

2. Role of the KEA Building Representative/Designee

- a. It is the responsibility of the Building Representative/designee, as the key player at the building level, to: (1) oversee preparation and completion of the first page of the Waiver LOA form; (2) determine, by written proof in a manner acceptable to the KEA President, whether at least two-thirds of the staff affected by the potential LOA agree with the proposed arrangement or action; and (3) if the requisite support exists, thereafter notify the building principal.
- b. The Building Representative shall promptly forward the completed Waiver LOA to the KEA President for final Association approval, with a copy to the principal.

3. Role of the Principal

- a. The principal/designee plays a participatory role in the process of consideration of a potential LOA.
- b. In the process, building administrators shall not (1) conduct any formal or official staff vote on a potential arrangement or action (in contrast to staff/administrator discussion of the merits of a potential arrangement or action) or (2) threaten or coerce any staff member to support or endorse a potential Waiver LOA.

B. KEA Processing

1. Upon receipt of a Waiver LOA form from a building, the KEA President or designee shall then review and decide approval/disapproval within fifteen (15) calendar days, unless holidays or vacation breaks necessitate a somewhat longer period.
2. In the event of approval by the Association, the form shall be forwarded to the Human Resources Office no later than ten (10) calendar days after approval.
3. In the event of disapproval, (1) the reasons shall be briefly stated on the second page of the Waiver LOA form and (2) the form shall be returned to the submitting Building Representative/designee, with a copy to the principal, within ten (10) calendar days.

C. Human Resources Office Processing

1. The final step in the process is approval (or disapproval) by the Assistant Superintendent for Human Resources or designee, a decision to be made within fifteen (15) calendar days of receipt from the KEA President, unless somewhat delayed by holidays or vacation breaks.
2. The fully completed Waiver LOA shall then be sent to the KEA President and the principal of the affected building.
3. In the event of disapproval, the reasons shall be briefly stated on the second page of the Waiver LOA form.

Memorandum of Understanding
between the
Kent Education Association
and
Kent School District

JOINT STATEMENT OF BELIEF

Both parties agree that when restorative practices are applied with fidelity in our schools that it will better serve our students, staff, and community.

KEA and KSD recognize that interpersonal, institutional and structural racism and other systems of oppression are deeply embedded in our social institutions. These systems of oppression impact the climate of our schools and our district.

KEA and KSD acknowledge that each person has beliefs, conscious or unconscious, that perpetuate institutional and structural racism and other systems of oppression. We commit to ongoing learning, reflection and action to actively dismantle structural racism and oppressive behaviors at both the interpersonal and institutional levels. We will disrupt interpersonal and institutional racism and oppression to ensure we are not individually nor collectively perpetuating the cycle of systemic racism and oppression. As such both parties are committed to working collaboratively to develop a new model of student support for the future.

The parties agree that the Joint Statement of Belief above is not subject to the grievance and arbitration provisions of the parties' CBA.

KEA will submit five members to the Office of Equity no later than six weeks after the ratification of the CBA. The Office of Equity will meet, at a mutually agreeable time, with the identified members to develop and create the Restorative Practice Advisory Committee (RPAC). The first charge is to determine RPAC membership.
